

Washing instructions

Getting it into the machine. Ironing is on the other sheet.

Generic front loader, 1–8 kg · Generic steam iron

LOADS — ONE LINE, ONE WASH

Cottons 60°	White + White Socks	~2:30
Cottons 60°	White Towels (on its own)	~2:30
Cottons 40°	Coloured + Coloured Socks	~2:15
Cottons 40°	Coloured Towels (on its own)	~2:15
Easy Care 40°	Microfibre Towels (on its own)	~1:30
Cottons 30°	Dark + Black Socks + Denim	~2:00
Delicates / Silk cold	Raw Denim (on its own)	~0:45
Wool 30°	Merino Wool + Cashmere Blend	~0:40
Sportswear 30°	Synthetic Activewear (on its own)	~1:10
Sportswear 40°	Gym Socks (on its own)	~1:20
Wool cold	Wool Trainers (on its own)	~0:40

programme

The dials are drawn as they sit on the machine: twelve o'clock is Off, and the red pointer is where to turn it. Chips show every value the display steps through, filled in on the one you want.

1. White + White Socks

~2:30

NO SOFTENER Cottons 60 °C · 1200 rpm

Temp

cold 20 30 40 **60** 90

Spin rpm

0 400 600 800 **1200** 1400

Cottons

1 clockwise from Off

Buttons

Speed **Eco** Easy Iron Extra Rinse

DETERGENT

White: Universal powder, full dose — the bleach in powder is what keeps whites from going grey

White Socks: Universal powder, full dose

DRYING

White: Tumble dry normal, or line dry in the sun — sunlight bleaches whites for free.

White Socks: Tumble dry normal.

WASH TOGETHER WITH

each other

NOTES

White: Wash whites on their own. One stray coloured sock is all it takes.

White Socks: Same settings as White — throw them in that load.

2. White Towels

~2:30

NO SOFTENER Cottons 60 °C · 1400 rpm

Temp

cold 20 30 40 **60** 90

Spin rpm

0 400 600 800 1200 **1400**

Cottons

1 clockwise from Off

Buttons

Speed Eco Extra Rinse Easy Iron

DETERGENT

Universal powder, full dose. Go lighter rather than heavier: excess detergent stiffens terry.

DRYING

Tumble dry medium — the tumbling is what fluffs the pile back up.

WASH TOGETHER WITH

nothing else — wash alone

NOTES

Never fabric softener: it coats the loops in silicone and the towel stops absorbing. White vinegar in the softener drawer once a month softens instead.

3. Coloured

~2:15

SOFTENER OK Cottons 40 °C · 1200 rpm

Temp

cold 20 30 **40** 60 90

Spin rpm

0 400 600 800 **1200** 1400

Cottons

1 clockwise from Off

Buttons

Speed **Eco** Easy Iron Extra Rinse

DETERGENT

Colour liquid detergent — no bleach, no optical brighteners

DRYING

Line dry inside out, or tumble on low.

WASH TOGETHER WITH

Coloured Socks

NOTES

Wash new or strongly dyed items separately for the first two or three washes.

4. Coloured Socks

~2:15

NO SOFTENER Cottons 40 °C · 1200 rpm

Temp

cold 20 30 **40** 60 90

Spin rpm

0 400 600 800 **1200** 1400

Cottons

1 clockwise from Off

Buttons

Speed **Eco** Easy Iron Extra Rinse

DETERGENT

Colour liquid detergent

DRYING

Tumble dry low or line dry.

WASH TOGETHER WITH

Coloured

NOTES

Same settings as Coloured — throw them in that load.

5. Coloured Towels

~2:15

NO SOFTENER Cottons 40 °C · 1400 rpm

Temp

cold 20 30 **40** 60 90

Spin rpm

0 400 600 800 1200 **1400**

Cottons

1 clockwise from Off

Buttons

Speed Eco Extra Rinse Easy Iron

DETERGENT

Colour liquid detergent. Go lighter rather than heavier: excess detergent stiffens terry.

DRYING

Tumble dry medium — the tumbling is what fluffs the pile back up.

WASH TOGETHER WITH

nothing else — wash alone

NOTES

Never fabric softener — it kills absorbency. Run them at 60 °C every month or so if they start to smell.

6. Microfibre Towels

~1:30

NO SOFTENER Easy Care 40 °C · 1200 rpm

Temp

cold 20 30 **40** 60 90

Spin rpm

0 400 600 800 **1200** 1400

Easy Care

3 clockwise from Off

Buttons

Speed Eco Extra Rinse Easy Iron

DETERGENT

Liquid detergent, half dose. What doesn't rinse away stays in the split fibre and stops it picking anything up.

DRYING

Air dry, or tumble on low. High heat fuses the split ends shut and the towel never absorbs again.

WASH TOGETHER WITH

nothing else — wash alone

NOTES

Never fabric softener — it fills the split fibres with silicone and the towel is finished. Wash with microfibre only: the same split ends that make it absorbent grab cotton lint and never let go.

7. Dark + Black Socks + Denim

~2:00

NO SOFTENER Cottons 30 °C · 800 rpm

Temp

cold 20 **30** 40 60 90

Spin rpm

0 400 600 **800** 1200 1400

Cottons

1 clockwise from Off

Buttons

Speed Eco Extra Rinse Easy Iron

DETERGENT

Dark: Liquid detergent for dark/black — optical brighteners are what leave that grey haze

Black Socks: Liquid detergent for dark/black

Denim: Liquid detergent for dark/black

DRYING

Dark: Line dry inside out, out of direct sun. Skip the dryer: heat fades black fastest.

Black Socks: Line dry, or tumble on low.

Denim: Hang by the waistband and air dry. A hot dryer shrinks them and destroys the elastane in stretch denim.

WASH TOGETHER WITH

each other

NOTES

Dark: Turn everything inside out. The extra rinse matters here — detergent residue dries as grey streaks on black.

Black Socks: Same settings as Dark — throw them in that load.

Denim: Inside out, zips and buttons closed. Wash them far less often than you think.

8. Raw Denim

~0:45

NO SOFTENER Delicates / Silk cold °C · 400 rpm

Temp

cold 20 30 40 60 90

Spin rpm

0 **400** 600 800 1200 1400

Delicates / Silk

6 clockwise from Off

Buttons

Speed Eco Extra Rinse Easy Iron

DETERGENT

A capful of pH-neutral or denim-specific detergent. No bleach, no enzymes.

DRYING

Hang inside out indoors, away from sun and radiators. Never tumble.

WASH TOGETHER WITH

nothing else — wash alone

NOTES

Unwashed denim is meant to go months before its first wash. Gentler than the machine: a 45-minute cold soak in the bath, inside out, no agitation, no wringing — then roll in a towel to press the water out.

Durations are the machine's own estimates and vary with load.
